Invitation to Sponsors

Dear valued Sponsor and/or Exhibitor

The Australian Amyloidosis Network is pleased to invite sponsors to partner with us for a landmark national program in 2027, bringing together clinicians, researchers, multidisciplinary health professionals, patients and carers across Australia.

The 2027 AAN Conference Program will include two major initiatives:

1. The Inaugural National Amyloidosis Congress 2027, Brisbane (NAC2027)

For the first time, Australia's key amyloidosis opinion leaders, researchers, clinicians and multidisciplinary team members will assemble for a dedicated national medical congress. This one-day meeting will deliver a packed program of practice-changing updates across AL, ATTR and rare amyloid subtypes, with a strong focus on diagnosis, treatment innovation, multidisciplinary care and emerging research.

The Congress will feature leading international experts, including Professor Ashutosh Wechalekar, Dr Mazen Hanna and Professor Pablo Garcia-Pavia, alongside Australia's foremost amyloidosis clinicians and researchers. We anticipate approximately 150 medical and allied health attendees, representing the clinicians and services most directly involved in amyloidosis diagnosis and care nationally.

2. A national series of Patient, Family and Carer symposia

In addition to the medical congress, the AAN will deliver a coordinated program of state-based patient and carer symposia in Sydney, Brisbane, Perth, Adelaide and Melbourne. These meetings will provide accessible education for patients and families, with talks from international and local experts, and opportunities for connection with local physicians and amyloidosis services.

Each symposium is expected to attract approximately 70 patients, carers and local clinicians, creating a unique opportunity to support education, awareness and engagement across the amyloidosis community nationally.

This is a rare opportunity for sponsors to support the first truly national amyloidosis education program in Australia — reaching the clinicians who diagnose and treat amyloidosis, the multidisciplinary teams who deliver care, and the patients and families most affected by these diseases.

We look forward to welcoming you as a valued Sponsor and Exhibitor to Brisbane in 2027.
