

2019 Medical Physics Future-Research Forum

"I want to do research, but there is just no time for it!"

How can clinical physicists engage in research?

Join your colleagues in a casual setting to undertake some guided discussion around the role clinical physicists could, should, do or will have in undertaking novel research.

Pub meals and drinks available throughout the night.

PROGRAM

18:00 - 19:00: Pre-event dinner & drinks

19:00 – 19:10: Introduction

19:10 – 19:40: The clinical vs research role of medical physicists (*Thomas Bortfeld, Massachusetts General Hospital, MA, USA*)

19:40 – 20:00: My experience as a clinician-researcher (*Vanessa Panettieri, The Alfred Hospital, Victoria*)

20:00 – 22:00: Open discussion – research in the clinic

- *Is it achievable?*
- *What is the purpose?*
- *What resources are required?*
- *What external support would help?*
- *What should be being researched?*

18:00 – 22:00

Wednesday October 30, 2019 (after closing of EPSM)

Basement Bistro Room, Rigby's Bar, Rear 221 St George's Tce, Perth, WA
