Partnering opportunities with the ASA

About the ASA

The Australasian Sonographers Association (ASA) is the peak body and leading voice for all sonographers in Australia and New Zealand, and is the only professional association in Australasia that solely represents sonographers.

The ASA has over 6,800 members in Australia and New Zealand and represents over 75% of the region's accredited medical sonographers. Further, the ASA has as members 100% of student sonographers in Australia and over 70% of student sonographers in New Zealand. This makes the ASA membership a highly specialised, target audience for organisations operating in the field of ultrasound.

The ASA's purpose is to lead the sonography profession in delivering excellence in ultrasound for the community, with a vision to ensure a sonographer is known as the expert in ultrasound. We have four clear goals as a professional association:

- to promote and advance the sonography profession
- to enhance the quality and standards of ultrasound

- to provide and support the highest quality professional development and research, and
- to deliver exceptional member value and organisational excellence.

Fundamental to the ASA goals is offering a broad range of continuing professional development opportunities with participation of members from all locations, clinical streams, and levels of experience.

Our major educational events attract large sonographer audiences. The Annual International Conference in Brisbane saw over 1,200 delegates in 2019. We also offer localised workshops and meetings, plus online learning opportunities to reach large audiences, without the need for the sonographer to travel. ASA released 21 webinars throughout the year, attracting on average 450 registrants, with well over 41,000 sonographers participating through an online learning platform.

Our valued partners are integral to the success of our professional development calendar and are seen by ASA members as key to shaping and influencing the sonography profession in Australasia.

How partnering with the ASA helps achieve your business objectives

At the ASA, we firmly believe that your success is our success and we will work with you to ensure that your business objectives are achieved. We aim to provide you with opportunities to raise your profile, create competitor differentiation, build brand interaction and, most importantly, delegate engagement.

Sonographers are specialists in the performance of ultrasound imaging; they are expert users of ultrasound systems and daily users of a range of associated products. The ASA provides opportunities to connect, engage and develop relationships with sonographers through:

- Profile and brand awareness opportunities to heighten visibility within the diagnostic imaging profession.
- Face-to-face opportunities to connect and engage sonographers with your brand and build business relationships that will drive sales growth.
- Opportunities to showcase your company's innovations and points of difference, creating competitor differentiation.
- Enhancing your organisation's reputation by supporting the sonography profession and aligning with our valued CPD platforms.
- Supporting CPD and learning activities,

ensuring members remain at the forefront of their profession.

- Networking events with key influencers and decision-makers in the sonography profession.
- Sponsorship of major events that provide a prospect database list (subject to privacy laws and the delegate opt-out option).

The ASA offers sponsorship options to suit a range of industry partners; from major partnerships covering a range of activities, to individual events or elements of events. These include involvement in:

1. Major Events – Annual International Conference (AIC) and Special Interest Group Days
2. Learning activities (Travelling Workshops, Webinars, Special Interest Group days, Cardiac Days, live scanning videos)
3. Corporate Partnership Program
4. Advertising in ASA communication mediums (*soundeffects news* magazine, *Making Waves* research reviews, *cross section* enewsletter, *Sonography* journal and the ASA website sonographers.org).

(For the reach analytics behind ASA partnering opportunities please see appendix 1)

Partnering opportunities with the ASA

ASA major events

Annual International Conference

The Annual International Conference (AIC) is the flagship event for the ASA, and the largest annual event specifically for sonographers in Australasia. With over 1,500+ sonographers in attendance, the AIC presents a prime opportunity for you to spend time with the key decision makers and influencers in the ultrasound community.

Australian and New Zealand sonographers will meet annually to celebrate:

- the highly specialised role of sonographers and their unique view of the human body
- the future of the sonography profession: enhanced practice, education and training, sustaining the sonography workforce
- new technology and innovations for acquisition and analysis of ultrasound images
- a program offering education, professional development and ongoing skill development within both the lecture sessions and workshops.
- catching up with friends, colleagues, industry rep's and leading educators in the industry.

Annual International Conference locations and dates

Year	Location	Venue	Dates
2021	Brisbane	BCEC	28–30 May 2021
2022	Melbourne	MCEC	28-29 May 2022
2023	Brisbane	BCEC	26-28 May 2023

Partnering opportunities with the ASA

Annual International Conference social events

The social program creates the perfect opportunity to network with key opinion leaders, customers, friends, educators and colleagues to catch up or connect in a relaxed social environment.

Welcome Reception

\$5,000

A stand up cocktail event in the heart of the exhibition. The reception provides the perfect opportunity for delegates to network, catch up with old friends and renew past acquaintances.

- Naming rights for the Welcome Reception
- Recognition on all marketing material (website, delegate handbook)
- Input into the theming of the reception
- Company logo on the function ticket
- Opportunity for 3-minute introductory speech
- Opportunity to provide signage (e.g. pull-up banners)
- Opportunity to provide a door prize
- Eight (8) additional tickets for the Welcome Reception

Gala Dinner

\$5,000

The signature social event of the ASA Annual International Conference. This is a night of glamour and a chance for all delegates, speakers, and supporters to kick up their heels with friends and colleagues.

- Naming rights for the dinner
- Recognition on all marketing material (website, delegate handbook)
- Input into the theming around sponsorship recognition
- Company logo on the function tickets.
- Opportunity for a maximum of 3-minute introductory speech and/or video
- Opportunity to provide signage (e.g. pull-up banners and logo in slides projected during the dinner and entertainment)
- Opportunity to provide a door prize
- Ten (10) additional tickets for the dinner

Prizes

Conference Awards (4 x \$500)

Support and recognise innovation and leadership within the sonography profession, in the form of outstanding presentations of original and evidence-based work. Recognition on the conference website and in the delegate handbook as well as acknowledgement by the presenter verbally during the closing plenary and your name and logo on the Award slides.

- Best oral presentation
- Best ePoster presentation
- Best research presentation
- Best first-time presentation

Rural and Remote Sonographer support grants (4 x \$1,000)

Support rural and remote sonographers to attend the ASA2021 Brisbane.

- Recognition on all marketing material (website, delegate handbook)
- Sponsor recognition at the opening plenary (along with gold partners)
- Branding on the scholarship recipient's article in the ASA's member magazine *soundeffects news* about their experience at the Annual International Conference. (This will include the ASA thanking the sponsor for their support, and their company name and logo attached to the recipient's article)

Partnering opportunities with the ASA

Additional sponsorship opportunities | Annual International Conference

ePoster lounge

(\$3,000)

Be seen supporting research and development in clinical practice, and encouraging leadership within the sonography profession.

- Includes exclusive branding rights on ePoster lounge (screens between rolling posters)
- Includes Conference App alert
- One (1) half-page advertisement in delegate handbook

Additional opportunities to get involved

Barista on your booth

Draw the crowd to your booth (to be arranged through the venue supplier).*

* At your expense

Volunteer tee-shirts

Have your brand at all key support points at the conference.*

* At your expense

Phone charging stand

A key drawcard to your booth (to be arranged through the venue supplier, at your expense) .

Advertise in the Annual International Conference delegate handbook

The delegate handbook is the primary source of program information for the duration of the conference. It is often kept by delegates for future reference.

Please refer to the **ASA Advertising Kit** on our website for more information or email partnerships@sonographers.org.

Partnering opportunities with the ASA

SIG Days

SIG Days

\$5,000

The ASA's Special Interest Group Days (SIGD) provide high-quality professional development opportunities to sonographers (and students) living across Australia and New Zealand. Held in capital cities in Australia and New Zealand, they focus on a single stream eg. MSK, vascular, women's health and showcase 3–4 national speakers.

The “day” can range from 20–100 attendees, depending on the location and topic. SIGDs are held generally on a Saturday, and are delivered in a 5- to 6-hour block with a small networking function at the end of the day.

They are highly popular with our members due to the format based on expert sonographer live scanning. The events usually comprise a series of short PowerPoint presentations followed by live-scanning demonstrations, often including supervised hands-on scanning by delegates.

- Exclusive sponsorship of the event
- Exclusive co-branding with the ASA on all related marketing materials
- Opportunity to provide signage (sponsor to supply pull-up banners)
- Opportunity to choose the location from a list supplied by the ASA, subject to availability
- Opportunity to provide 15-minute introductory speech/video at the start of the day
- Opportunity to showcase ultrasound machine with an applications specialist during live-scanning demonstrations
- Opportunity for the applications person to be interactive with the presenter (how the technology of the machine benefits the scanning situation)
- Opportunity to attend the networking function at the end of the day
- Delegate attendee details (full name, employer, email and phone number) provided post event, subject to privacy laws and delegate agreement to share their information with the sponsor.

Available to our Corporate Partners only. Subject to first come, first served basis. Terms and Conditions apply – see appendix 3.

For the latest program, please visit sonographers.org/cpd/events

Partnering opportunities with the ASA

Other CPD events

The ASA offers you regular opportunities to connect with members throughout the year by supporting its continuing professional development (CPD) program. This includes webinars and Travelling Workshops, where the CPD is provided

free-of-charge to its members. The CPD events are essential for sonographer accreditation. They are popular and well attended by ASA members, and are delivered across all states of Australia and in New Zealand.

Travelling Workshops

Travelling Workshops

\$1,500

The ASA's Travelling Workshops provide high-quality professional development opportunities to sonographers living in capital cities, regional and rural locations alike across Australia and New Zealand.

The workshops can range from 20 to 100 , depending on the topic and location. They are highly popular with our members due to the format based on expert sonographer live scanning.

Travelling Workshops are held generally on a Saturday as a 5–6 hour block. Workshops comprise a series of short PowerPoint presentations followed by live-scanning demonstrations, often with supervised hands-on scanning by delegates.

- Opportunity to choose the location from an extensive list, subject to availability
- Opportunity to suggest potential speakers and topics which the EAC and local contact will take into consideration
- Opportunity to provide signage (sponsor to supply pull-up banners)
- Opportunity to provide 5–10-minute introductory speech/video at the start of the day
- Provision of networking lunch and/or morning tea (if applicable)
- Opportunity to showcase your ultrasound machine with an applications specialist
- An opportunity for the applications person to be interactive with the presenter (how the technology of the machine benefits the scanning situation)
- Exclusive co-branding with the ASA on all related marketing materials (*cross section*, *soundeffects news* and in the online ASA event calendar sonographers.org/cpd/events) and at the event
- Delegate attendee list provided subject to privacy laws and delegate Opt-Out option.

Available to our Corporate Partners only. Subject to first come, first served basis. Terms and Conditions apply. (For the attendance analytics on Travelling Workshops please see appendix 1)

For the latest program, please visit sonographers.org/cpd/events

Partnering opportunities with the ASA

Webinars

Webinars

\$1,500 (3 for \$3000)

The webinar series is extremely popular due to the flexibility of the online learning platform and the excellent educational content of the presentations. The webinars run for one hour and are pre-recorded. They are available on demand to members through the ASA website for up to 24 months.

- Opportunity for up to a 5-minute presentation at the beginning or completion of each webinar
- Exclusive co-branding with the ASA on all related marketing materials:
- One (1) advertisement alongside the on-demand webinar listing on the ASA learning management system
- A report outlining the number of participants who viewed webinar on demand (1, 3, 6, 12 months post event)
- Details of webinar participants (full name, employer, email and phone number) (1, 3, 6, 12 months post event), subject to privacy laws and participant agreement to share their information with the sponsor.

Available to our Corporate Partners only. Subject to first come, first served basis. Terms and Conditions apply. *(For the attendance analytics on webinars please see appendix 1)*

For the latest program, please visit sonographers.org/cpd/asa-online/

Partnering opportunities with the ASA

Corporate Partnership program

Corporate Partnership Program

\$795

Industry partners have the opportunity to support and enhance the future of the sonography profession by being part of the ASA's Corporate Partner program, advocating for the provision of the highest standards of sonography practice.

For companies supplying the ultrasound industry, employing, or educating and training sonographers, ASA Corporate Partner Subscription is the most effective way to connect, engage and support our 6,500+ members. It also allows you input into the ASA's advocacy platform and influence the shaping of the sonography profession.

An ASA Corporate Partnership provides you with the perfect opportunity to:

- demonstrate your support of the profession
- showcase your business to the profession
- stand out in an increasingly competitive market
- align your company with the ASA, the peak body for sonographers in Australia and New Zealand
- gain brand exposure to sonographers and other key stakeholders.

As a Corporate Partner, you will receive a range of member benefits including:

- input into the ASA's advocacy direction and strategic policy focus
- news feed of key policy change/issues effecting sonographers
- access to the ASA biennial *Sonography Industry Report* (cost to non-members, \$500)
- access for account holders (max 5) to watch ASA online learning webinars/videos (no cpd points attached)
- access to ASA clinical support resources (eg codes of conduct; scope of practice etc)
- opportunity to be a major partner at our main events and CPD activities held throughout Australia and in NZ, available to Corporate Partners only
- free access to ASA digital and print publications:
 - *cross section* – the ASA weekly e-newsletter keeping you abreast of ASA and industry news and events
 - *soundeffects news* – the ASA member magazine with in-depth articles written for and by sonographers
 - *Sonography* – the ASA peer-reviewed scientific journal
 - *Making Waves in Sonography Research* – biannual research reviews including clinical implications
- 25% discount on advertising in ASA publications and mediums as outlined in our Advertising kit
- free advertisement in *cross section*, delivered to over 6,500 members
- priority offer of advertising on the ASA Annual Wall Planner
- free employment advertising through the ASA jobs portal
- free promotional listing on the Corporate Partners page of the ASA website
- free listing in the Corporate Partners directory in *soundeffects news*

Become part of our Corporate Partner of the ASA, please complete the [Corporate Partner Subscription Form](#), available on the [ASA website](#)
